AMENDMENT A

TO: Assistant Commissioner of Patents
Washington, D.C. 20231

Dear Sir:

In response to the Examiner's Action mailed on July 16, 2002, applicant requests that the application be amended as follows:

IN THE CLAIMS:

Please amend claim 8 in the manner set forth below. A clean copy of claim 8 is attached.

8. (Amended) A special tile created from a basic tile according to the procedure for the manufacture of a special tile defined in claim 1, wherein [it] said special tile includes a front surface with a decoration and a finish determined in the basic tile manufacture's plant, and at least one chamfered, beveled or rounded edge, which defines the worked profile, preferably with a 'bird's beak',
